## Public Speaking

**Plan a 3-4 minute presentation on one of the following topics:**

- 1. How to take care of my pet.**
- 2. How to make a pizza (or some other favorite food).**
- 3. The rules of your favorite sport/activity.**
- 4. Your favorite movie/book and why you like it.**

1. What is the MAIN thing you want your audience to remember?
  
2. What is the supporting detail for your speech?
  - a. Beginning
  
  - b. Middle
  
  - c. End
  
3. Is there a way to connect this information with something that is relevant to your audience? (Why should your audience care about your topic?)
  
4. What sort of tone, pacing, movement (or not), gestures or style of language should you use?
  
5. Are there any visual or audio elements that you could add to your presentation?
