Ethics and Integrity

Dear _____,

I'm excited to share that your student has been learning about integrity and ethics in class. They discussed times when they felt proud of themselves for doing the right thing and explored what it means to act with integrity. Students learned about the importance of ethics, how our morals and values shape our decisions, and how these guide us in determining right from wrong.

Please discuss this question with your student: Think of a time that you were proud of yourself. What did you do? This will help reinforce the lesson and give you a chance to celebrate their positive actions.

Please do not hesitate to reach out with any questions or concerns.

Best regards,
