

# ***Emozi<sup>®</sup> Vision Building***

# ***Leadership Reflection***

Purpose: Help leadership teams clarify their goals, challenges, and desired outcomes related to character development.

- What values do we want to see lived in our school each day?

- What student behaviors or school culture trends concern us the most?

- What have we tried before, and what were the results?

- What outcomes would signal that our character program is working?

# ***Staff Vision Survey***

Purpose: Gather input from staff on culture, needs, and readiness for a character program.

- What words would you use to describe our current school culture?
  
- What types of student behaviors are most common in your classroom?
  
- How supported do you feel when addressing behavior and relationships?
  
- What character strengths do you believe our students most need?

## ***Family Engagement Letter***

Dear Families,

We are excited to introduce Emozi®, a new Character Development program launching in our school. This program focuses on helping students build self-awareness, make thoughtful decisions, and contribute positively to their community. We'll be sharing simple ways for you to connect these lessons at home and invite your input and participation.

Please visit <https://www.emozi.net/parent-hub> for more information, including a parent program walk-through video!

Together, we can build a school culture where every child feels seen, heard, and empowered.

Sincerely,

# ***Vision Alignment Planning***

Purpose: Help leadership align Emozi with existing frameworks.

Instructions: Use the table below to map Emozi's 4 Cornerstones to your school's goals and priorities.

Cornerstone	Current Practice	New Emozi® Strategy
Self-Awareness & Emotional Regulation		
Moral Reasoning & Decision-Making		
Engagement with Role Models		
Community Involvement & Service Learning
